

Are you maximizing your Sales and Use Tax Exemptions as an educational and/or Not for Profit organization with SAP Concur and Taxback International?

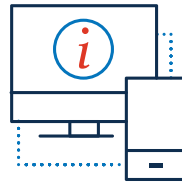

If you're paying Sales and Use Tax and you are a Not for Profit (NFP) organization or Higher Education institution, we can help recover this tax going back up to 4 years*. With Taxback International and SAP Concur, you can determine your potential savings in each state and gain visibility into where recovery can be maximized.

**State depending*

Challenges

Do you know the legislation in each US state to manage your Sales and Use Tax exemptions?

Do you have a policy to notify hotels of tax exemptions at the time of booking, and most importantly, do they honour it? How are you ensuring this?

Do you know your potential Sales & Use Tax recovery amount?

Solutions

In order to ensure exempt organizations in the United States minimize the cost of Sales & Use Tax on business expenses, SAP Concur and Taxback International have developed a unique offering exclusively for all SAP Concur customers to maximize exemptions on US domestic business expenses. This service includes a free analysis of SAP Concur Expense data to identify transactions where the Sales & Use Tax exemption has not been taken advantage of. Taxback International will review all incorrectly charged Sales & Use Tax and work to get it successfully refunded to you. This touchless, end to end solution is managed entirely by Taxback International by leveraging your best in class SAP Concur Travel & Expense technology.
